It was proposed by Cllr Hartas, seconded by Cllr Gemmell and **RESOLVED** that the minutes be approved and signed.

Matters arising:

Data Protection and emails – The clerk has further researched data protection procedures to ensure HPC and individual Cllrs are complying. Procedures in place include - Cllrs devices being password protected, Cllrs using separate HPC files and the sole use of devices by Cllrs. HPC will regularly assess that data protection criteria are being fulfilled. It was agreed that all Cllrs will use designated HPC emails, all Cllrs will set up a gmail account e.g. jhartas.haleparishcouncil@gmail.com.

Banking – Measures to allow further online banking actions e.g. payments and transfers, are in progress. The designated signatories have all applied for online banking with Lloyds and then the clerk will be able to apply for Full Delegate Access.

Audit – The internal audit of 2019/20 stated 2 recommendations – no VAT refund application was completed for 2018/19 and a refund for overpayment of insurance in July 2019 was not received. A VAT refund application for 2018/19 has now been completed and £123.26 received. The refund for overpayment of insurance has been requested and is being processed.

Future meetings – Cllrs discussed future meetings and all agreed that a return to face to face meetings is not yet possible due to the strict Covid-19 regulations still in place. This decision will be discussed and reassessed on a monthly basis.

4. Members of the public are invited to address the council on agenda matters or raise any matters not otherwise on the agenda.

Cllr Hartas opened the meeting to members of the public.

A Parishioner spoke regarding falling trees at the Hale end of Moot Lane. A recent tree fall came very close to a person being involved and caused road closure and loss of power. There are other trees that look like they are unsafe and soon to fall. Apart from the obvious possible injury to life this could cause it could also again bring down power and telephone lines.

Cllr Hartas has approached the landowner who is aware of his responsibilities. Cllrs discussed and felt that further intervention from HPC and other relevant authorities is required. Cllr Gemmell will write to the landowner to arrange a meeting.

A Parishioner spoke regarding the recent increase in burglaries in Hale and the lack of response from the police and asked if Hale Parish Council were aware of the burglaries and what further could be done.

Cllr Lavis will work with Neighbourhood Watch and the Police Community Support Officer with the aim of ensuring villagers are more informed. The HPC website and blog can be used to distribute information.

Cllr Hartas closed the meeting to members of the public.

5. To report and record planning applications discussed via email since the last HPC meeting and any new applications.

Ref 20/00505 7 Carters Close, Hale SP6 2NU

Proposal – Single Storey extension to side and rear; 2 No rooflights.

The decision was made and recorded via email. HPC proposed option 4 with three Cllrs in favour, one Declaration of Interest, one abstention and one Cllr favouring option 2.

Option 4 for the following reasons.

1. The proposed floor area exceeds that permitted under DP36.

2. The proposals would create a property substantially different in terms of massing and scale when compared to the other properties in the close. Of the eight properties only the adjacent property has been extended. This approval was 18 years ago and is modest by comparison. No other properties in the close have been extended either as a result of approved planning or permitted development. The proposals are not be in keeping with the principles of the Local Plan as they might be applied to this unique location and as such would not be compliant with the general development principles (DP2) or landscape character (SP7) policies.

Hedgerows Lodge Drove Woodfalls SP5 2NH

The consultation has not yet concluded. The proposal to accept a new ward of “forest villages” was not accepted due to insufficient elector numbers. Hale will remain in the Forest and Downland ward.

21/08/20 Parishioner email – concerns about falling trees on road.

Discussed in public participation section.

29/08/20 Parishioner email regarding the survey results

HPC had agreed that they only wanted to run one survey in the village and that, therefore, needed to include all potential future sites. A meeting was held (in March) with HVCLT Directors to find out about possible sites.

Although Folly Hill Paddock is the only site offered free, North and South Tethering Drove were identified as possibilities and the Moot Lane site might be donated in the future. Hence, those three sites were added to the survey.

29/09/20 Parishioner email regarding the survey results

Cllrs discussed that interpretations of the survey results by the Parishioners and HPC were not the intention of the survey. It was carried out to give the Parishioners a voice and pass that information onto the decision makers at NFNPA and NFDC.
